WELCOME MESSAGE...

Welcome to our 6th annual conference, a gathering where the shining minds of orthopedic surgeons assemble to share what they have learned over the years.

We have put together an energetic collection of clinical case presentations, lectures, and workshops to whet your appetite for learning.

Many of our speakers will appear more than once during your time here, If you miss the first appearance due to scheduling conflicts, then be sure to catch them the second time around.

We would like to warmly welcome our esteemed speakers and presenters for this year's conference.

To our Scientific and organizing committee, thank you for all you have done and continue to do.

We do hope that you will enjoy the conference and that your interaction with your colleagues will stimulate a creative exchange of ideas and will be personally rewarding.
